In the Field of.AmpTower has posted a video overview of Command & Conquer 3: Tiberium Wars and the new Command & Conquer 4: Tiberium Wars, a title from developer Westwood Studios and publisher EA Games.The four factions in Tiberium Wars are the Neodemon Army, an Armoured division of creatures that have been captured, an Alien Science division, a Deinon sect and an unnamed faction that is rumored to be based on the Chinese.The faction roster is as follows:Neodemon Army: Tough, equipped with armoured vehicles, grenade launchers and missiles, the Neodemon Army are trying to steal the Tiberium to further their goals and have you on their side. Armoured vehicles can be upgraded with extra armor, making them a formidable force, and they are able to fend off the weaker factions.Science Division: The Science Division are a faction of high powered mech units who use their advanced technology to help free the Tiberium. The Artillery Division and the Ghost Division are particularly powerful and can perform impressive feats.Deinon Sect: The Deinon sect are a faction based on the insectoid race known as Drones. They follow the command, and the Deinon Sect are the most dangerous faction in the game, and seek to use Tiberium to further their own goals.
